AMADEO CELEBRATES 18TH PAHIMIS COFFEE FESTIVAL

Dubbed as the "Coffee Capital of the Philippines" since it launched the 1st coffee festival in the country in 2002, the local government of Amadeo celebrated the 18th PAHIMIS Coffee Festival on February 22-24, 2019 – a thanksgiving tradition for the abundance of coffee, their prime agricultural crop that fuels growth of the town up to now.

A traditional ceremonial toast that marks the open-

ing program of PAHIMIS 2019 was led by Amadeo Mayor Conrado Viado along with guests from the Department of Tourism, the Philippine Coffee Board, Inc. and the Office of the Provincial Governor. In his welcome message, Mayor Viado expressed gratefulness to Senator Cynthia Villar, Congressman Jon-Jon Ferrer and Governor Boying Remulla for their all-out support that made the event possible. More impor-

tantly, the mayor did not forget the coffee farmers who truly deserve all the recognition for their contribution to Amadeo's history and culture through a simple awarding rite to further acknowledge their heroism. Outstanding coffee farmers were given plaques of recognition to keep their passion for coffee production burning.

On the other hand, DOT Region IV-A OIC Regional Director Marites Castro challenged the province to institutionalize PAHIMIS in order to officially include the coffee festival celebration as one of the annual events in the national tourism calendar. Director Cas-

tro urged for the assistance from the Provincial Tourism and Cultural Affairs Office headed by OIC Rozelle Sangalang concerning the institutionalization journey.

Meanwhile, Municipal Tourism Officer Jam Tibayan spearheaded the conduct of various activities that showcased Amadeo's pride including coffee farm tours, trade fairs and colorful street dance. Ms. Tibayan also thanked coffee advocate and Kape Isla Co-Chairperson Chit Juan, the DOT, DTI and the Department of Agriculture for their commitment and endeavors right from the very beginning of the PAHIMIS milestone.

Likewise, Ms. Tibayan thanked everyone who joined the trade fairs and parade especially Indang Municipal Councilor Ping Remulla who was present on behalf

of Governor Boying Remulla.

The festival wouldn't be complete without the lively performance of street dancers in their coffee wearables. As such, LGU-Amadeo expressed appreciation to the cooperation of the academe, the teachers, parents and students of public and private schools in Amadeo who gave their best to the street dance competition.

Amadeo National High

School topped the judges' score for the secondary category, being hailed Champion and also proudly took home the Best in Costume Award; while Loma Elementary School bagged the same awards for the primary level. The performances lifted up the festive mood sky-high, making visitors and coffee enthusiasts hope for more in the coming years of PAHIMIS. (PICAD)

EDITORIAL: About a list

Government officials have contrasting opinions on whether or not a list of candidates involved in illegal drugs should be released ahead of the May 13 elections. The Palace leads those who want this list, now containing 83 names, released. Presidential Spokesman Salvador Panelo says the Constitution guarantees Filipinos' right to information. Voters should know what kind of people they are electing to office.

Government officials have contrasting opinions on whether or not a list of candidates involved in illegal drugs should be released ahead of the May 13 elections. About a list

The Palace leads those who want this list, now containing 83 names, released. Presidential Spokesman Salvador Panelo says the Constitution guarantees Filipinos' right to information. Voters should know what kind of people they are electing to office.

Panelo says President Duterte will not oppose the release of the list because he in fact has done it before.

But Philippine Drug Enforcement Agency director general Aaron Aquino is not inclined to disclose the "narco-list" because it could only make things more chaotic. Elections Commissioner Rowena Guanzon said releasing the list would be "unfair" as it is a form of negative campaigning.

Senator Aquilino Pimentel III said the Commission on Elections cannot prevent those on the list from running for office in May because "being on a list, even on a narco-list" is not recognized as a legal ground for disqualifying candidates.

And indeed the spokesman for the Comelec said candidates can still seek public office even if they are on the list, because only a final conviction can disqualify them from seeking a public post.

The matter could be decided by answering one question: How much can the list be actually trusted?

What guarantee do we have that the list contains every name that must be there, and that it does not contain names that must not be there?

Only until we are sure of the merits of the vetting process can we even begin to debate on whether or not it is prudent to make the list public.

Without this certainty, it would be wiser to hold off the naming and shaming, and simply let voters discern for themselves whether or not a person awash with unexplained cash, for instance, deserves the post he or she is seeking.

'Murang Kuryente' bill gets bicam nod

FROM PAGE 1

MANILA -- The congressional bicameral conference committee on Thursday approved the "Murang Kuryente" bill, which seeks to reduce the country's electricity rates.

Senator Sherwin Gatchalian, chair of the Senate committee on energy and co-author of the bill, said it proposes the use of the PHP208-billion Malampaya Fund to pay off the stranded contract costs and stranded debt of the National Power Corporation.

The said items are passed on to consumers through the universal charge in the monthly electric bill.

He said around 60 to 70 percent of the total PHP208-billion Malampaya fund will be used to pay for the said items while the remainder will be used to fund the exploration of energy resources.

Gatchalian said the bill would help lower the cost of electricity and provide significant consumer savings for Filipinos. For a household consuming 200 kilowatt hours (kWh) per month, Gatchalian said this would result in savings of almost PHP170 per month.

"Almost PHP1 ang matitipid ng ating mga consumers at para sa ordinary consumers, yung mga kumunsumo ng 200 kWh per month, almost PHP170 ang matitipid niya kada buwan. More or less lumalabas almost four kilos of rice yung matitipid ng isang ordinaryong pamilya (Consumers can save up to PHP1 [per kWh] and those who consume 200 kWh per month can save up to almost PHP170 monthly. More or less, almost four kilos of rice can be saved up by an ordinary family)," Gatchalian said.

He noted that around 16 million households would benefit from this bill once it is enacted into law. (PNA)

To DOE, NBB: Weigh consumer impact of raising coconut biodiesel content

the biofuel content from B2 to B5, especially with the recent implementation of the new round of increases in the excise tax on fuel in January. After all, the law requires the recommendation of the NBB before the DOE decides to increase the blend," Gatchalian said.

Senator Win Gatchalian is urging the Department of Energy (DOE) and the National Biofuels Board (NBB) to thoroughly study the proposal of the Department of Agriculture to increase coconut content in biodiesel from two percent to five percent, particularly its impact on the pump price of diesel.

Gatchalian, chair of the Senate Committee on Energy and co-chair of the Joint Congressional Biofuels Oversight Committee, made the call after Agriculture Secretary Emmanuel Piñol announced he will be lobbying for the increase of biofuel content in diesel from B2 to B5 to absorb oversupply in the copra industry.

B2 biodiesel is a blend of two percent agricultural products and 98 percent clean diesel, while B5 biodiesel is a blend of five percent agricultural products and 95 percent clean diesel.

The lawmaker pointed out that is paramount for the NBB, an advisory body to the DOE, to study whether an increase to five percent blend is warranted and whether the local production of feedstock is sufficient to meet present and future demand.

"The DOE and NBB should weigh the impact of increasing

"Sa kanilang gagawing pag-aaral, dapat isaalang-alang ng DOE at ng NBB ang kapakanan ng nakararaming Pilipino na ngayon pa lamang nakabawi sa kaliwa't kanan na pagtaas ng presyo ng langis noong nakaraang taon," he added.

Citing the study his office conducted, Gatchalian estimated that increasing the biofuel content in diesel from B2 to B5 may result in a 7.5 percent increase, equivalent to ₱2.86, in the pump price of biodiesel.

Gatchalian pointed out that an ordinary jeepney driver, who consumes around 15 liters of diesel per day, might need to tighten his belt further since he will be expected to shell out an additional ₱1,286.30 per month if the blend is increased; an amount Gatchalian said could instead be used to buy a half sack of rice or additional groceries.

Furthermore, the lawmaker recalled that during the last Joint Congressional Oversight Committee on Biofuels hearing, there had been concerns of lack of feedstock, which he said prevented the DOE from mandating the increase from the current two percent blend.

Data from the DOE shows that for biodiesel, the annual capacity in 2017 was 574.9 million liters but production was only at 39 percent of capacity.

Meanwhile, Gatchalian said the Joint Congressional Oversight Committee is set to conduct a hearing on DA's proposal to increase the biodiesel blend in the fuel market from 2 percent to 5 percent to cushion the falling prices of copra.

"I hope that we can agree on action steps in order to move the industry forward and attain the goal of energy security and environmental sustainability as envisioned by the authors of the Biofuels Act," the lawmaker said.

SM SANTA ROSA CELEBRATES ANILAG FESTIVAL WITH GINOO AT BINIBINING LAGUNA 2019

The first weekend of March saw the opening of Laguna's ANILAG Festival also known as "The Mother of Harvest Festivals," which showcases Laguna's rich culture, talented people and abundant harvests from the 6 cities and 24 towns of the province.

Opening rites were led by Laguna Governor Ramil Hernandez and Senator Cynthia Villar at the provincial capitol grounds which featured creative booths and agricultural products the province is known for.

On its fourth day, ANILAG brought the talent portion of Ginoo at Binibining Laguna at SM Santa Rosa where candidates showed off their individual talents. All 49 contestants likewise displayed their modeling skills during a fashion show with creations from designers Pol Tapia and Ralph Rovero among others.

For its part, the SM Store celebrates ANILAG festival through a special sale from March 2-10 where shoppers can enjoy up to 50% discount on selected items.

During the opening rites, Gov. Ramil Hernandez told Lagunenses and visitors to the province to enjoy the week-long festival with the theme, "Sama-sama ang Pamilya sa Masayang Laguna (united as a family in a joyful Laguna)".

Aside from the Ginoo at Binibining Laguna, other events include the "Anilag" Color Run and Foam Party, body-building competition, Mari Gray and LGBTQ Queens Parade, as well as medical services at the HIV treatment hub at the Laguna Medical Center, the "Little Mr. and Ms. Laguna", and the Laguna Gay Queen and Lesbian King tilts.

LOS BAÑOS, Laguna - Around 22,194 teachers, who will compose the Electoral Boards (EBs) across Calabarzon Region for the May 13 mid-term elections, are up for certification starting Tuesday by the Department of Science and Technology (DOST) regional office here and authorized science and technology (S&T) agencies.

Rochelle Cruz, head of the DOST-Calabarzon Public Affairs, Relations and Communications Unit (PARCU), told the Philippine News Agency on Tuesday that the regional office, in partnership with the Commission on Elections (Comelec), will undertake anew the certification procedure for the EB members -- Board of Election Inspectors (BEI), Special Board of Election Inspectors (SBEI), Board of Election Tellers (BET), Special Board of Election Tellers (SBET).

Cruz said the DOST Central Office, its regional office here, along with the Philippine Council for Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD); Philippine Council for Industry, Energy, and Emerging Technology Research and Development (PCIEERD); and Advanced Science and Technology Institute (ASTI), have 34 certifiers and two quick response teams to conduct the certification of EB teacher members.

She said the certification period kicks off on March 5 until March 16 for the Calabarzon provinces of Laguna, Batangas, Rizal and Quezon; while Cavite has slated its registration from March 5 until March 23.

During the certification procedure, the public school teachers will undergo a seminar and training on the proper operations of the vote counting machines (VCM) by the Comelec before the issuance of DOST certification.

"The teachers assigned to the respective poll boards will also go through written and practical exams on the use of VCM to assess their readiness for the upcoming elections," Cruz said.

She further said the certification process is pursuant to Republic Act 9369, or the Automated Election System (AES) Law which amended Republic Act 8436, authorizing the Comelec to use an automated election system for the national or local elections in a bid to encourage transparency, credibility, fairness and accuracy of the polls.

Cruz noted this is the fourth time the DOST is handling the EB certification with over 22,000 to be certified in the Calabarzon Region alone.

The S&T agencies have estimated more than 171,000 EBs that are up for certification all over the country before the May 13 mid-term polls, she added. (PNA)

CIVIL CASE NO. 6846-18

For: Declaration of Nullity of Marriage
(Psychological Incapacity under
Article 36 of the Family Code

ELEAZAR ALAGAR DEL ROSARIO,
Petitioner,

- Versus -

MA. MIGNON MENDOZA DEL ROSARIO

Respondent.
x-----x

PETITION

PETITIONER, through undersigned counsel, unto this Honorable Court, most respectfully alleges that:

1. Petitioner, Eleazar A. Del Rosario, is a Filipino citizen, of legal age, married, and a resident of 81 Toclong II-A, Imus, Cavite for more than six (6) months until to this date. He may be furnished with processes of the Honorable Court at said address.

2. Respondent, Ma. Mignon Mendoza, is a legal age, married and a resident of Blk. 6, Lot 2, Phase 4, Soldier Hills 4, Molino, Bacoor, Cavite where she may be served with notices and processes of this Honorable Court.

3. Petitioner and Respondent met sometime in 1988 when Respondent visited her mother (who was known to Petitioner as Ate Lulu and will be referred here by the same name for brevity) who was then working at Philippine Tourism Authority (PTA for brevity). Petitioner who likewise worked at the same agency saw the Respondent when the latter once visited Ate Lulu and he immediately got attracted to her. It was love at first sight.

4. About June of 1988, Ate Lulu was able to help Respondent get a job at PTA as a timekeeper in one of the projects of the office which was the renovation of the Multi-purpose Hall. This gave Petitioner a window of opportunity to woo the heart of herein Respondent.

5. The Petitioner and Respondent immediately hit it off and soon enough, they became sweethearts. However, their relationship was kept secret because the Respondent did not want her mother to know. Her mother was very strict and did not want her to settle down immediately.

6. They have kept their relationship secret from the prying eyes and gossipy lips of the people around them. Not long enough, on or about November of 1989, Respondent proposed to Petitioner that they get married secretly. The latter agreed since he loved Respondent so much that he was willing to their marriage kept secret.

7. Since they were no longer minors, they were able to secure the necessary requirements for marriage. And so they got married on January 5, 1990 at Imus, Cavite.

Attached herein **Annex "A"** is a copy of the Parties' Marriage Certificate.

8. On the day of their marriage, none of their family members were present as desired by the Respondent. They only had their close friends to witness their marriage. Their parents and family members were alienated to the fact of their marriage.

9. Since no one in their families knew of the marriage, they both went to their respective homes after tying the knot.

10. This marriage was however discovered by the mother of Respondent, Ate Lulu. It happened when the parties applied for the housing loan and Ate Lulu learned that Petitioner was Respondent co-Maker. Ate Lulu inquired from the Parties how they were able to secure a loan from GSIS with Petitioner as co-maker of her daughter if they were not married.

11. Realizing that lying further would be pointless, Petitioner and Respondent admitted to Ate Lulu that they had a secret marriage. The latter cried in disappointment.

12. The Parties then moved into the house they bought and lived together as husband and wife. They lived

happily together at first and soon, they were blessed with their first daughter whom they named as Marielle Ysabel M. Del Rosario. She was born on August 1, 1991.

Attached herein as **Annex "B"** is a copy of the Certificate of Live Birth of Marielle Ysabel M. Del Rosario

13. Then on April 1, 1996, they were again blessed with their second child, Juan Miguel Mendoza Del Rosario.

Attached herein as **Annex "C"** is a copy of the Certificate of Live Birth of Juan Miguel Mendoza Del Rosario.

14. Petitioner and Respondent then worked at the same agency but in different departments. They always went to the office back home together except when Respondent had a meeting outside of their work.

15. Their relationship was plagued with different problems and that included Petitioner's concern that Respondent was too friendly with men. When confronted, Respondent would always counter that she has no brother so she was close to boys.

16. The Respondent brought her work at home even on weekends and spent meager amount of time with her family and that forced them to hire a nanny to take care of their children. It even appeared to Petitioner that Respondent preferred work than her children and him.

17. The Petitioner also sometimes had to do the household chores such as going to the wet market, cooking, and taking care of their children because the Respondent did not have time to those. Petitioner patiently tried to understand Respondent's choices but still, these decisions and traits of the latter sparked arguments between them.

18. The only aspect where Respondent was very much willing to share equally is in the expenses of their family; as to time, she obviously had more for her work.

19. In the year 1997, the attitude of the Respondent or her lack of time for the family worsened when he was assigned as Project Engineer in the Boracay Environmental Infrastructure Project. During this time, Petitioner suspected that Respondent was having an affair.

20. The Respondent always had out-of-town meetings after office hours and spent more time travelling than to be with her family. The Petitioner once talked to the respondent about this problem but the Respondent did not want to discuss.

21. In 1999, the Parties were blessed with their third child, Eins Miguel Mendoza Del Rosario.

Attached herein as **Annex "D"** is a copy of the Certificate of Live Birth of Eins Miguel Mendoza Del Rosario.

22. Before the birth of their third child, the Petitioner asked the Respondent to resign from her work so she can look after their children but she did not agree. She insisted if she stops working, it will be hard for them to support their children. The Petitioner did not buy this excuse because he believed he could provide for the family.

23. It frustrated the Petitioner that Respondent did not have time for their children and yet, she would use more of her time off work to meet and travel with her college schoolmates. One time, Respondent told the Petitioner that she and her college friends planned to go to Hong Kong. The Respondent asked the Petitioner to go with them but the Petitioner declined the offer and explained that he would rather spend the money for their children instead of this travel expenses.

24. The Respondent still went to Hong Kong. When Petitioner picked her up at the airport when she returned, she was alone. He asked the Respondent where her friends were and she said that they are already left but the Petitioner had a bad feeling about it.

25. One day, while the Petitioner was alone in their house, he went through Respondent's documents. That was when the Petitioner found out that the Respondent was with her ex-boyfriend when she went to Hong Kong and even stayed in the same hotel room together. Since the Petitioner did not want to ruin their family, he kept to himself whatever he discovered including his hurt feelings. It was then that Petitioner also realized that for a while now, Respondent been passive and cold towards him.

26. Respondent is used to making decisions without consulting the Petitioner which frustrated the latter such as when she decided that she would go to the US. She applied for a US Visa but got denied twice until she was able to ask from someone she met at work in Boracay for a letter of recommendation. She was given a Visa with multiple entry for

ten (10) years.

27. One day, the Petitioner received a call from a woman who introduced herself as a wife of Jose Junsay, Respondent's ex-boyfriend and the man who she was with when she went to Hong Kong. The woman told the Petitioner that her husband and the Respondent always met in secret in Boracay before and so pleaded with the Petitioner to do something to stop the Respondent and Jose's affair. This fact learned by Petitioner even made him doubt whether their third child is his.

28. Unable anymore to contain his hurt feelings, Petitioner confronted the Respondent who was already giving him cold treatments. This started frequent fights between the Parties which they tried to hide from their children because they did not want their children to be affected by it. The Petitioner hoped that the Respondent would stop her wrong doings but she still continued her affair with Jose.

29. In 2006, the Petitioner's father suffered from stroke which prompted the former to stay at his parent's house so he can take care of his father. He explained to his kids why he could not go home yet. When Petitioner's father died in May 24, 2006, he still stayed in his parent's house to be with his mother. Despite his failure to stay at their house during those times, he always fetched his children every Saturdays so he can have time with and brought them back to their mother on Sundays.

30. The Respondent went back to America on or about 2006 and 2007. Petitioner was surprised when their family friend, Agnes Bocar, asked the Petitioner one time if he would sign a divorce paper should Respondent send one. He simply said yes as he was already tired of Respondent's unfaithfulness. After some months, Agnes Bocar asked again the Petitioner if he would let Mimi take all their children to America and he said yes if that is what the children wanted.

31. Petitioner was not surprised anymore when the divorce paper came. This confirmed his suspicion that the Respondent had been seeing or living with her ex-boyfriend Jose Junsay everytime she goes to the United States and had in fact planned on settling down there. He knew that he could no longer do anything to change Respondent's mind so he signed it reluctantly. Then the State of Nevada granted the Divorce Decree.

Attached herein as **Annex "E"** is a copy of the Divorce Decree

32. The Petitioner did his best to keep his family together but the Respondent had her plans with another man. Despite signing the divorce paper, Petitioner still hoped that Respondent would return to him and their children. He was however disappointed.

33. Prior to the filing of this Petition, Petitioner consulted psychiatrist in the name of Dra. Ma. Bernadette Arcena for the psychiatric evaluation which was made into writing.

Attached herein is a copy of the Psychiatric Evaluation as Annex "F"

34. Based on the psychiatric evaluation, both Petitioner and Respondent were found to be suffering from psychological incapacity which makes their marriage void ab initio or void from the beginning.

35. According to Dra. Arcena, the Petitioner met criteria of a person with both narcissistic and obsessive-compulsive personality traits. Quoting the report from psychiatric evaluation as to Petitioner's narcissistic trait:

"Petitioner has a grandiose sense of self-importance. He expects the respondent to condone with him and to be more superior than she was. He requires constant admiration and affirmations that he was the more dominant partner. He wanted the respondent to automatically comply with his expectations and demanded her to comply with him.

The petitioner lacks empathy and could not identify with the hurts and the pains that the respondent had gone through because of his narcissistic attitude. He showed arrogant and haughty behavior toward his wife."

As to his Obsessive – Compulsive Personality Disorder, Dr. Arcena has this to say:

"The petitioner is preoccupied with mental and interpersonal control, is excessively devoted to work and productivity and showed rigidity and stubbornness and inflexibility.

His obsessive-compulsive personality disorder had its antecedence of having a harsh discipline during his childhood years.

The root causes of the petitioner's personality disorder are the problems that lie on having a strict paternal figure, rigid

parental-child relationship which created confusion that lead to his dominance, his narcissistic need and his pre-occupation to interpersonal control, showing rigidity and stubbornness. The obsessive-compulsive personality traits came also from having a and a rigid environment in their growing up years.”

36. The Respondent likewise was found to have a personality disorder and Dra. Arcena said in her report that:

“..the following symptoms were met by the respondent: having unstable relationships with the petitioner, impulsivity, ambivalence, unstable self-images and difficulty in controlling anger.”

37. Accordance to Dra. Arcena, the personality disorder of the petitioner existed prior to the onset of the marriage. It is characterized with a lifetime course, poor prognosis and outcome. It has no treatment modalities and has no cure. Such disorder is deeply rooted in Petitioner’s psyche with its existence during childhood stage and carried on until the present time.

38. Further, Dra. Arcena found that “the personality disorder of the petitioner run a long-lasting, lifetime and permanent course. It is a grave and chronic enough such that it created a disastrous outcome of the marriage of the petitioner and the respondent. The personality disorder of the petitioner made him incapacitated to comply with his marital obligations to his wife.

39. Based on the report, “the PERSONALITY DISORDERS of the petitioner and the respondent destroyed their marriage. Both were unable to fulfill their marital obligations because of their personality disorders.” As such, the Psychiatrist recommended that the marriage of the petitioner and the respondent be annulled.

40. Hence, Petitioner filed this Petition for Nullity of Marriage under Article 36 of the Family Code which states that:

‘ART. 36. A marriage contracted by any party who, at the time of the celebration, was psychologically incapacitated to comply with the essential marital obligations of marriage, shall likewise be void even if such incapacity becomes manifest only after its solemnization.”

41. The parties have no properties owned in common and all of their children are already of majority age.

PRAYER

WHEREFORE, Petitioner most respectfully pray of this Honorable Court to render judgment declaring null and void ab initio the marriage of the Parties, on the ground that the Petitioner and/or the Respondent is/are Psychologically Incapacitated to perform the essential marital obligations which makes their marriage void ab initio.

Other reliefs just and equitable under the premises are likewise prayed for.

MALAYSIA PRIME MINISTER TUN DR. MAHATHIR MOHAMAD MEETS WITH PHILIPPINE BUSINESS LEADERS

ASEAN Business Advisory Council Philippines and business leaders met with Malaysian Prime Minister Tun Dr. Mahathir Bin Mohamad last March 7, 2019 in a bilateral meeting to discuss how to further strengthen the economic relationship between Malaysia and Philippines. PM Mahathir is in the Philippines for an official visit after the invitation of Philippine President Rodrigo Duterte to discuss political, economic and social cooperation between the two countries.

ASEAN Business Advisory Council Philippines Chairman and Presidential Adviser for Entrepreneurship Joey Concepcion first thanked Prime Minister Mahathir for always giving time to meet and support the business

sector. Concepcion also thanked him for being instrumental in the peace process.

The discussion revolved around the economic relations of Malaysia and Philippines through infrastructure investments, and exchange of goods and services between the two countries.

ASEAN BAC Philippines Member and Vice Chair of SM Investments Corporation Tessie Sy-Coson opened the discussion on sovereign investment funds. Sandy Prieto-Romualdez, President of Philippine Daily Inquirer asked PM Mahathir on his hopes for ASEAN. The 94-year old leader said that countries' must have fast economic growth which then will lead to the growth of the region.

The topic on trade and investments was raised by Filinvest Land President and CEO Josephine Gotianun-Yap. PM Mahathir agreed that countries' must first grow in trade then in investments.

Aside from these topics, PM Mahathir also shared his secrets in maintaining good health despite his age.

Overall, the bilateral meeting became an avenue to hear the Prime Minister's wisdom on leadership and foreign relationships. Selected members of the economic team of Malaysia also joined the meeting. Other Philippine business leaders who attended include: Manny Villar, Chairman of Vista Land Corporation; Henry Lim Bon Li-ong, President and CEO of SL Agritech Corporation; Daniel Zuellig, Managing Director of F.E. Zuellig Inc.; Alice Eduardo, President and CEO of Sta. Elena Construction and Development Corporation; Dennis Uy, Chairman and CEO of Udenna Corporation; William Belo, CEO and Founder of Wilcon Depot; Rosalind Wee, Co-founder and Vice Chairman of W Group; Gil Gonzales, Executive Director of ASEAN Business Advisory Council; Ginggay Hontiveros-Malvar, Adviser on Agripreneurship of Go Negosyo; and Josephine Romero, Senior Adviser to the ASEAN Business Advisory Council Philippines Chairman.

SENADO 2019

/rafaelalunanIII

Sa kick off campaign rally ng Partido Demokratiko-Pilipino-Lakas ng Bayan sa Mindanao muling pinagmalaki ni Pangulong Rodrigo Roa Duterte ang mga pambato nito sa Senador sa darating na Mid-Term Election partikular na si Former Department of Interior and Local Government (DILG) Secratry Rafael Alunan. Sa nasabing campaign rally na isinagawa ng PDP -Laban sa Zamboanga City, ibinida Pangulong Duterte ang pagiging mahusay ni Sec. Alunan sa pagseserbisyo sa gobyerno noong siyang ay kalihim pa ng DILG.

"Secretary Alunan is a national security adviser ni Ramos noong DILG siya kasama Almonte , mahusay ito mas mahusay pa ito sa akin, sa totoo lang matagal na experience nito sa gobyerno" giit ni Duterte.

Isiniwalat din ni Duterte na si Alunan ang siyang pinagkatiwalaan at nilapitan ng Drug Enforcemnet Agency ng Amerika at sinabihan na malapit na maging Narco Politics ang bansa.

"Kung kay Manuel Roxas lang din o Gary Alejano, walang pinakamatalino at pinamahusay na llongo kung di si Secretary Rafael Alunan, ngayon kung di nyo ito iboto sino ipapalit nyo sa kanya, sina Roxas, Alejano, Aquino, Hilbay Macalintal, pag pumunta ito sa Lanao putulan ko mga ulo nito, walang mga kwentang tao, wala namang nagawa para sa aming mga moro" saad pa ni Duterte.

Magugunita na personal choice ni pangulong Duterte si Alunan para pumu-

no sa 12th slot na panlaban na senador ng PDP-Labab sa nalalapit na eleksyon dahil na rin sa pinakita nitong integridad nang maging DILG secretary.

Si Alunan din ang pambato ng Bagumbayan Party Chairman Dick Gordon dahil naniniwala siya na kwalipikado ito sa senado at malaki ang maiiambag nito pagbibigay ng serbisyo sa bansa.

Suportado rin ni Ramos si Alunan para maging senador ng bansa maging si Former President at House Speaker Gloria Macapagal Arroyo.

BSP approves CARD, Inc. as remittance agent

The Bangko Sentral ng Pilipinas (BSP) approved the application of Center for Agriculture and Rural Development (CARD), Inc. (A Microfinance NGO) to become a remittance agent starting 2019.

This initiative of CARD, Inc. adheres to the Microfinance NGO Act or Republic Act No. 10693 (RA. 10693), which allows microfinance institutions to operate remittance services provided that it follows the laws and regulations of (e) Money transfer and other related remittance services, in partnership with authorized agents and/or entities.

"This is another milestone in CARD's journey to poverty eradication. We are happy because this initiative is a good start for us to provide affordable, fast, and easy remittance services to our clients," said Jocelyn Dequito, CARD, Inc. Executive Director.

CARD, Inc. replicated the remittance service of its sister companies at CARD Mutually Reinforcing Institutions (CARD MRI), the CARD Sulit Padala. The CARD Sulit Padala is an in-house domestic remittance service of CARD where its clients can enjoy sending or receiving money from any CARD Bank, CARDE SME Bank, CARD MRI Rizal Bank, and now in CARD, Inc. offices nationwide. The CARD Sulit Padala of CARD, Inc. offers 1% remittance fee based on the principal amount sent.

CARD, Inc.'s CARD Sulit Padala was first

rolled out in Balayan, Batangas; Baler, Aurora; Taft, Samar; Calbayog, Samar; Allen, Samar; Carmen, Cebu; Naga, Cebu; Cauayan, Negros Occidental; Bacolod, Negros Occidental; San Carlos, Negros Occidental; Bislig, Surigao del Sur; San Francisco, Agusan del Sur; and San Pablo City, Laguna.

Dequito also hopes to roll out the new service nationwide. "With our extensive operation nationwide, this service will make the remittance activity of our clients more convenient," said Dequito.

CARD, Inc. covers 79 provinces, 1,064 municipalities, and 36,500 barangays nationwide.

Dequito also emphasized that the remittance service is made possible by its clients' desire for CARD to become a remittance agent. "During our field monitoring, our clients are very vocal in sharing possible products and services that CARD could explore and this remittance service is one," recalled Dequito.

"We then explored how this can become possible. Thanks to CARD's management and member institutions for the support and of course for BSP, for giving us the go signal," added Dequito.

CARD, Inc. is a social development organization established in 1986 that aims to eradicate poverty in the Philippines by providing microfinance and community development programs.
