

Mas marami pang mangingisda sa Cavite, nabigyan ng cash aid ng SMC

Aabot na sa 2,000 benepisyaryo ang nabigyan ng San Miguel Corporation ng buwanang cash assistance sa lalawigan ng Cavite sa ilalim ng programa na P500-M 'Handog Tulong Pinansyal Para sa Mangingisda.'

Sinimulan ng San Miguel Aerocity Inc. (SMAI) ng SMC ang programa matapos ang buwanang food assistance para sa 8,000 pamilya ng mga mangingisda sa mga bayan ng Rosario, Tanza, Naic, at Ternate.

Ang programa ng kumpanya ay sang-ayon na social and environmental performance standards ng International Finance

Corporation (IFC) para sa New Manila International Airport (NMAI) project na itatayo sa Bulakan, Bulacan.

Sa ilalim ng programa, mga 5,000 pamilya ng mangingisda ang mabibigyan ng buwanang cash assistance na P5,000 hanggang sa matapos ang operasyon ng kumpanya sa San Nicolas Shoal sa susunod na taon o taong 2024.

May bilang na 1,074 pamilya mula sa Tanza at 658 na may-ari ng mga bangka na gamit sa pangangisda mula sa Rosario ang inisyal na nailista sa programa matapos ng sarbey at proseso

selection at validation ng mga lokal na opisyal at mga lider ng grupo ng mangingisda.

Popodohan rin ng SMAI ang Social Development Management Program (SDMP) para sa mga naturang lugar na may mga kurso tulad ng garment production at soap-making, scholarships para sa mga anak ng mangingisda, at construction-based training sa pakikipagtulungan sa Technical Education Skills and Development Authority (TESDA).

May mga programa rin ang kumpanya upang mabigyan ng hanapbuhay ang mga

kasapi sa apektadong komunidad at maging ang kanilang mga kapamilya sa airport project.

Sa tulong ng mga eksperto ay bibigyan atensyon rin ng SMAI ang programa para sa site rehabilitation at restoration para maibsan ang epekto ng proyekto sa kapaligiran.

Makikipagtulungan rin ang kumpanya sa isang third party organization at sa Bureau of Fisheries and Aquatic Resources (BFAR) upang pag-aralan kung paano mapaparami ang huli ng isda sa naturang shoal matapos ang operasyon ng Boskalis sa kontraktor ng SMAI.

Sa kasalukuyan, ang SMAI lamang ang naglatag ng mga programa para sa cash at food assistance sa mga apektadong komunidad mula mga kumpanya na may operasyon sa San Nicolas Shoal.

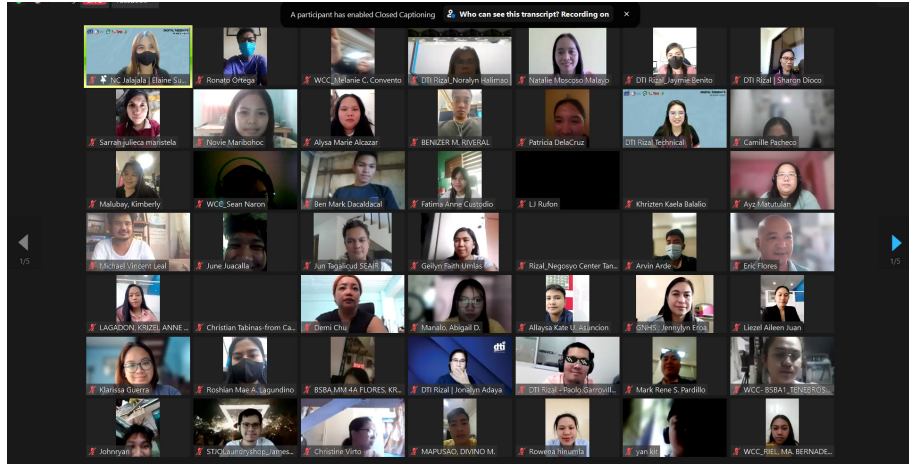

"We are constantly in touch with local government officials, and concerned national agencies to ensure that all needed measures and assistance for affected fisherfolk communities are implemented immediately and consistently during our operations, and with further emphasis on mitigating the impacts to the

immediate environment during and even after our operations," wika ni Ramon S. Ang, SMC President and Chief Executive Officer.

Pinaalalahanan rin ang mga mangingisda na sumunod sa safety protocols habang nangingisda sa paligid ng San Nicolas Shoal kung saan may operasyon rin ang Royal Boskalis Westminster N.V.

Binigyan ng SMAI at Boskalis ang mga mangingisda ng mga gamit pang-kaligtasan tulad ng radar reflectors, life vests, life buoy rings, foam buoys, led lights, at rechargeable batteries. **PR**

DTI Rizal Holds the 3rd Session of Digital Tuesdays

On March 7, 2023, the Department of Trade and Industry (DTI) - Rizal successfully facilitated the third session of the Digital Tuesdays: Branding Your Business with resource speaker Ms. Eureka Jeanne Engalla.

Digital Tuesdays is a program collaboration between DTI - Rizal, Department of Information and Communications Technology (DICT) and Philippine Chamber of Commerce and Industry

(PCCI) - Antipolo, which main objective is to engage Micro, Small, and Medium Enterprises (MSMEs) to benefit from the utilization and promotion of digitalization in their products and services.

Ms. Engalla, the owner of EJam Food Hub and the co-founder of Creative Sparks Co. also a Digital Marketing Specialist shared expertise on digital marketing and the importance of branding in this field. She also

covered the Brand Name, Logo, Color Palette and Taglines in her discussion.

The webinar was graced by DTI Rizal Business Development Division Chief, Ms. Sharon F. Dioco and hosted by Business Counselor Elaine Suazo of Negosyo Center Jalajala. It was attended by over 300 existing and potential MSMEs from various cities/municipalities in the Philippines. **PR**

Go Negosyo's 3M On Wheels to Mentor More MSMEs in the Provinces

Go Negosyo's free entrepreneurship mentoring program 3M on Wheels will reach out to more active and aspiring entrepreneurs in the provinces as it continues to expand to the rest of the country its mall-based event. Go Negosyo is set to hold 3M on Wheels in Pampanga this April 15 at the Marquee Mall in Angeles City. The follows the successful rollout in Baguio City last March 4. 3M on Wheels is expected to be held in other urban ar-

eas across the Philippines later this year, including Cavite, Cebu, Bulacan, Batangas, Cagayan de Oro, and Iloilo.

3M on Wheels builds on Go Negosyo's Mentor Me on Wheels (MMOW), the highly successful on-ground, nationwide mentoring program which began in 2018 and was inspired by the growing number of Filipinos turning to entrepreneurship to lift themselves out of poverty. As MMOW, the program has successful-

ly mentored more than 10,000 entrepreneurs across the Philippines. Since resuming the mall-based mentoring event as 3M on Wheels last year, more than 5,000 active and aspiring entrepreneurs have benefited from the program.

Renaming it as 3M On Wheels - the three M's standing for Mentorship, Money, and Market - reflects its overarching mission of providing not just mentorship, but also **Story on Page 4**

Metrobank named PH's Best Bank for ultra-high-net-worth clients

DOST-CALABARZON nakiisa sa mga ahensya ng pamahalaan sa pagsusulong ng gender equality sa CALABARZON

Bilang pagsuporta sa pagsusulong ng pagkakapantay-pantay ng kasarian o tinatawag na gender sensitivity at equality sa rehiyong CALABARZON, nakiisa ang Department of Science and Technology (DOST)-CALABARZON sa ginanap na Regional Women's Month Celebration sa Kapitolyo ng Pamahalaang Panlalawigan ng Laguna sa bayan ng Sta.Cruz noong Biyernes, Marso 31, 2023. Ayon kay

PBBM underscores long-term benefits of Bataan-Cavite Interlink Bridge

MARIVELES, Bataan (PIA) -- President Ferdinand R. Marcos Jr. underscored the long-term benefits and opportunities brought about by the Bataan-Cavite Interlink Bridge (BCIB) to the country.

With four lanes and a length of 32.15 kilometers, the P175.6-billion infrastructure project stretches from Mariveles, Bataan to Naic, Cavite.

It also includes construction of interchanges with the existing road network, local existing junction improvements, land and marine viaducts, approach bridges over marine area, turnaround facility near Corregidor Island, and special span bridge near Cavite Coast.

In his speech during the milestones Ceremony, Marcos expressed his enthusiasm for the rippling effects of the infrastructure to the people, economy and the country.

"If this bridge is any indication of what comes next,

TAPAT SA BAYAN. TAPAT SA USAPAN. DICT: DGA AWARDING CEREMONY 2022 MARCH 30, 2023 WWW.CAVITEGOV.PH WWW.SONVICREMULLA.COM

Cavite province was hailed champion in the recently concluded Digital Governance Awards 2022 held on March 30, 2023 at the Museum of Natural History Courtyard in Manila. The province's entry, Cavite Provincial Jail Management System ranked First in the G21: Inter-operability Category and also received a special citation

for Innovative Use of Resources. The Cavite Provincial Jail Management System is an in-house developed information system by the Provincial Information and Communications Technology Office in collaboration with the Cavite Provincial Jail. Its implementation in 2019 has significantly improved

the operational efficiency of the provincial jail.

Digital Governance Awards is an annual search for best practices among local government units in utilizing information and communications technology (ICT) to effectively deliver its public services to its constituents and other stakeholders.

Abalos hinikayat ang IGUs na suportahan ang Konsulta Program

March inflation further slows down to 7.6 percent

'If may extra ka, donate ka din': Cayetano hinikayat ang mga netizen na nangangailangan

President Ferdinand Marcos Jr. leads the milestone ceremony for 32.15-kilometer Bataan-Cavite Interlink Bridge that stretches from Mariveles, Bataan to Naic, Cavite. (PCO)

then I should not be the only one who looks forward to the future with great optimism. One does not need to be well-versed in construction and engineering to realize the magnitude of this endeavor. It is an enormously difficult and complex plan that we will have to constantly commit to achieving, which are, of course, [for] great benefits that Filipinos will enjoy," Marcos said.

He cited that once finished, the soon-to-be longest bridge in the country will shorten the Bataan to Cavite [vice-versa] travel time from the usual five hours of drive to approximately 45 minutes.

The President likewise mentioned the positive impact of the bridge on the prices of services and commodities, and the traffic situation in Metro Manila. **Story on Page 3**

EDITORIAL:

Let's brace for El Niño

With the likelihood of a transition to El Niño in the third quarter this year - July-August-September - the government has started bracing for this weather phenomenon, last experienced in 1997-1998.

The Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) has warned the country, a basically agricultural economy, may experience below normal rainfall in the coming months.

And the days are warning the population - with 33 degrees C or 91.4 degrees F on the average during the past few days including today.

Meanwhile, President Ferdinand Marcos Jr. said the Department of Agriculture has to hurdle structural challenges and adopt new technology in its operations to enhance farm production in the Philippines with the challenge of El Niño.

Mr. Marcos, also the agriculture secretary, admitted the department has been busy carrying out emergency measures designed to lower commodity prices, citing the need to consolidate the assets of farmers.

"What we are doing is we have coordination with the CDA (Cooperative Development Authority) to strengthen cooperatives so we can bring the policies to farmers faster," the Chief Executive said.

The strongest and most devastating in the past almost half a century was the 1982-1983 El Niño, perhaps the worst in recorded history.

During that period, trade winds not only collapsed - they reversed and its effects were long lasting as well.

Twelve years later, a wave of warm water from the 1982 El Niño lived on in 1994, and measured only eight inches high and traveled about 8 kilome-

ters an hour.

That caused weather-related disasters on almost every continent: Australia, Africa and Indonesia suffered droughts, dust storms, and brush fires. Peru was hit with the heaviest rainfall in recorded history -11 feet in areas where 6 inches was the norm.

Some rivers carried 1,000 times their normal flow.

During the past two decades, the Philippines has experienced unusual droughts and floods due to the climatological phenomena called El Niño which occurs approximately once every five years, while La Nina is less frequent.

The El Niño in the 80s was blamed for between 1,300 and 2,000 deaths and more than \$13 billion in damage to property and livelihoods.

During this period, the thermocline off the South American coast dropped to about 500 feet.

On September 24, in just 24 hours, sea-surface temperatures along the coastal village of Paíta, Peru shot up 7.2 degrees F.

El Niño can deplete water supplies and cause significant losses in agricultural production.

In 2019, Metro Manila and neighboring provinces experienced water shortage as the El Niño contributed to a massive decline in rainfall. The damage brought by the phenomenon to agriculture reached around \$8 billion.

"We have a window for anticipation. One good anticipatory action is capturing what is available during the rainy season," Thelma Cinco, weather services chief of PAGASA's climatology and agrometeorology division, said in a briefing.

Hinikayat ni Department of the Interior and Local Government (DILG) Secretary Benjamin 'Benhur' Abalos, Jr. ang mga local government unit (LGUs) na suportahan ang Konsultasyong Sulit at Tama (Konsulta) Program na naglalayong pataasin ang kalidad at maghatid ng health services at preventive health care sa mas nakararaming Pilipino.

"Ang serbisiyong pangkalusugan ay isa sa top priorities ng ating pamahalaan and we look at our LGUs to ensure that health services are well implemented in the grass-roots. Malayo na ang ating narating at nalagpasan. Now, the benchmark objective is to ensure that these services and facilities are made affordable and accessible for everyone at malaking tulong dito ang Konsulta Program," pahayag ng Kalihim. Ang Konsulta

Metrobank ...

Metropolitan Bank & Trust Co.'s (Metrobank) Private Wealth business bags two accolades at the 2023 Asiamoney Private Bank Awards, further strengthening its position as the preferred partner of Ultra-High Net Worth segment.

Metrobank garnered the Best Domestic Private Bank in the Philippines award for the second straight year. It was also named as the Best Bank for the Ultra-High Net Worth clients.

Metrobank's performance versus competitors, successes in achieving market share, and ability to cope with difficult or changing market conditions, were among the reasons why Asiamoney named Metrobank as the winner for both categories.

Metrobank's Private Wealth Division has managed to deliver exceptional results in 2022 amid challenging market conditions.

"Although the Covid-19 era was rough on the broader industry, Metrobank used the disruption to build up its internal muscle. It put relationship managers un-

der stringent certification and training programs, for instance. That boosted quality and efficiency in product areas such as treasury and trust, basic derivatives, cash management, loans packaging, and consumer lending," says Asiamoney.

On top of Metrobank's top-notch pool of relationship managers, Asiamoney also recognized that this significant growth of the business was fueled by the Bank's strategic efforts to leverage its extensive branch banking network for targeted acquisition, and innovative financial solutions. These resulted in improved client coverage and service delivery.

"Metrobank's dynamic and holistic approach to managing the wealth of our clients is a key factor for our continued recognition as the preferred partner of the Ultra-High-Net-Worth segment. But our mission goes beyond financial management. At the core, our purpose has always centered on enabling our clientele to fulfill their goals and maximize opportunities in front of them, through

financial strategies tailor-made for each client and their respective families," says Lizette Perez, who heads Metrobank's Private Wealth Division.

Abalos ...

Program ay isang primary care benefit package na nagkakaloob ng konsultasyon, health screening at assessment, laboratory tests, gayundin ang gamot at medikasyon na pinangunahan ng Office of the President sa pamamagitan ni First Lady Marie Louise "Liza" A. Marcos.

Ayon kay Abalos, maaaring maging authorized na provider ng Konsulta Program ang mga health units at pasilidad na pinatatakbo ng LGUs kaya ito ay isang magandang pagkakataon na maiparating ang serbisyo ng nasabing programa sa kanilang mga nasasaskupan. "We hope that the LGUs will take advantage of the health services provisions of the Konsulta Program for their kababayans."

Sa pamamagitan ng DILG Memorandum Circular 2023-049 na inilabas ng Kagawaran, hinimok ni Abalos ang mga LGU na palawigin ang sakop ng programa sa pam-

der stringent certification and training programs, for instance. That boosted quality and efficiency in product areas such as treasury and trust, basic derivatives, cash management, loans packaging, and consumer lending," says Asiamoney.

On top of Metrobank's top-notch pool of relationship managers, Asiamoney also recognized that this significant growth of the business was fueled by the Bank's strategic efforts to leverage its extensive branch banking network for targeted acquisition, and innovative financial solutions. These resulted in improved client coverage and service delivery.

"Metrobank's dynamic and holistic approach to managing the wealth of our clients is a key factor for our continued recognition as the preferred partner of the Ultra-High-Net-Worth segment. But our mission goes beyond financial management. At the core, our purpose has always centered on enabling our clientele to fulfill their goals and maximize opportunities in front of them, through

laang lokal na naglalayong ipaalam sa publiko ang mga benepisyo na kanilang matatanggap mula sa programang ito ng pambansang gobyerno.

Kinilala din ni Abalos ang pamumuno ng Office of the President (OP) at ng First Lady at ang kanilang patuloy na suporta sa paggabay sa programa at implementasyon nito.

"Ang Konsulta program ay patunay lamang na ang kapakanan at kagalingan ng mga mamamayang Pilipino, lalo na ng mahihirap, ay laging nasa puso at isipin ng ating Pangulo pati na rin ng ating First Lady," aniya.

Target ng PhilHealth na umabot sa 4 na milyong miyembro ang magparehistro sa pangalawang taon ng Konsulta program, kasabay ng pagpapatayo ng mas marami pang accredited health facilities sa bawat rehiyon.

Cayetano ...

Okay din naman maging mapagkawanggawa at mabait sa kapwa. I-try nating lahat minsan.

Ito ang naging magaang na tugon ni Senator Alan Peter Cayetano sa mga netizen na ginamit ang kanyang Facebook post bilang pagkakataon para makapagbiro tungkol sa panukalang Sampung Libong Pag-asa o 10K Ayuda Bill niya.

Kanyang ng isang commenter, hindi pa raw nakakalimutan ng mga tao ang pangako umano ni Cayetano noong Halalan 2022 na magpamigay ng P10,000 kada pamilya. Naging laganap kasi noong nakaraang taon ang maling akala na dole-out ang initiative na ito ng senador.

Bwelta ng senador, maging siya ay naghihintay din sa 10K Ayuda dahil ito ay isang legislative measure at isang panawagan na naging popular noong kasagsagan ng COVID-19 pandemic.

"That's why we're pushing it sa Senate! Government has already admitted that they have the money but they don't want to distribute it like Bayanihan 1," ani Cayetano na tinutukoy ang unang pandemic aid bill ng Duterte administration na ipinasa noong panahon niya bilang House Speaker.

Dagdag pa niya, habang hindi pa natatal-

akay ng Senado ang Sampung Libong Pag-asa bill ay ginagawa na niya ang kanyang makakaya upang tumulong sa mga nais magtayo o magpalago ng maliit na negosyo sa pamamagitan ng pagbibigay ng P10,000 pangpupunan sa mga beneficiary ng kanyang Sampung Libong Pag-asa program.

Hinikayat din ni Cayetano ang naturang commenter na magambag na lang at tumulong sa kapwa sa abot ng kanyang makakaya, katulad ng paulit-ulit na apela ng senador sa mga manonood ng kanyang Sampung Libong Pag-asa program sa Facebook.

"If may extra ka, try it, donate ka din sa mga nangangailangan," wika ng senador.

Nag-post ng selfie si Cayetano noong March 24 sa kanyang Facebook page kung saan kasama niya si GMA Sparkle actress Shuvee Etrata. Sa kanyang photo caption, pinuri ng senador ang mga kabataan na "humble, hardworking, kind, respectful, mindful and eager to learn."

"Maraming comments and criticism about young people, about the next generation. Then you meet great examples of their generation," aniya.

"Let's learn from them. Huwag kaya tayo nega? Smile lang," dagdag ng senador. PR

DOST ...

halaga sa larangan ng siyensiya. Aniya mapalad siyang hindi nakaranas ng anumang diskriminasyon o kaya naman ay pagsub-ok batay sa kasarian o pagiging babae niya sa ilang taon niyang paglilingkod sa DOST. Ganunpaman, binigyang-diin niyang ang buong DOST ay kaisa sa pagsusulong ng Gender and Development o GAD na kinikilala ang mga kontribusyon at karapatan ng mga kababaihan mula noon hanggang ngayon.

Ipinahayag naman ni NEDA Region IV-A Asst. Dir. Carmel P. Mataban na patuloy ang Regional Development Council o RDC sa paglaban para sa karapatan ng mga Kababaihan.

Ipinaliwanag niya na ang RDC, kung saan kasapi rin ang DOST-CAL-ABARZON, ay nakatukoy ng ilang isyung pangkababaihan, kabilang na ang

tumataas na bilang ng mga bagong kaso ng HIV kung saan ang CALABARZON ay ikalawa sa buong bansa, kasunod ng National Capital Region (NCR); pagtaas ng bilang ng mga nabubuntis sa edad na 10 hanggang 19 na taong gulang; dumaraming kaso ng karahasan laban sa mga kababaihan at kabataan kabilang na ang mga kababaihang kasama sa mga distressed overseas worker; maging ang patuloy na kahirapan 'di lamang sa rehiyon kundi sa buong bansa.

Nabanggit rin niyang inaprubahan na kamakailan ng konseho ang Regional Development Plan na tumukoy naman ng mga estratehiya kung paano matutugunan ang mga nasabing isyu. Kabilang dito ang research and development, edukasyon partikular para sa mga kababaihan, literasiyang

pangkalusagan, at mahigpit na implementasyon ng mga batas na nagbibigay-proteksiyon sa mga kababaihan.

Sa parehong programa, nagbahagi ng kani-kanilang karanasan sina Laguna District 2 Representative Ruth Mariano-Hernandez, Dr. Patricia Sanchez ng UP Los Banos, Ms. Leonie Reyes ng Natures Dew Enterprise, at Dr. Eden C. Callo ng Laguna State Polytechnic University (LSPU) sa pagkamit ng pagkakapantay ng kasarian at inklusibong komunidad sa larangan ng pamumuno, akademya, at pagnenegosyo.

Binganggit naman ni Regional Gender and Development Council (RGADC) Co-Chairperson Josephine Parilla mula sa Pambansang Tagapag-ugnay ng mga Manggagawa sa Bahay-Workers in the Informal Sector Enterprise (PATAMABA-WISE) na ang RDC at lahat ng kasapi nito ay patuloy na magsisilbing ilaw, bo- ses, at tagapagsulong ng proteksiyon para sa mga kababaihan.

Aniya, bagaman hindi umaayon ang mun-

do sa adbokasiyang ito sa lahat nang pagkakataon ay hindi ito hadlang sa patuloy na paglaban nila sa anumang diskriminasyon at di pagkakapantay-pantay.

Nagkakaisa ang DOST-CALABARZON at lahat ng miyembro ng RDC CALABARZON sa pagpapakilala at pagsusulong sa kagalangang pangkababaihan o wom- en empowerment, maging sa kanilang kontribusyon sa lahat ng sektor sa rehiyon at buong bansa. Adoption of new technologies necessary to ensure energy security

Senator Win Gatchalian said the adoption of new technologies is necessary to ensure energy security amid expectations of stronger electricity and energy demand and to transition the country towards a cleaner energy future.

"We have to look at emerging technologies such as batteries and other energy storage systems. We're also in the midst of filing a bill to promote energy storage which includes batteries. No matter how controversial, we should also look at new technologies for nuclear power such as smaller modular reactors and generation IV nuclear reactors," Gatchalian said.

"Although this needs a little more time, we have to look at these emerging technologies since we also have no law or any single regulation on these. We can come up with a corresponding legislation," he added.

Gatchalian noted that the country is currently 50% self-sufficient in energy supply, imports 100% of its coal requirement to meet the rest of its electricity requirement, and that the only source of natural gas is depleting. On top of that, the demand for electricity in the country increases by an average of 6.53% a year, in tandem with economic growth, which means the country needs to produce an additional 66,937 megawatts of additional power supply to sufficiently address electricity demand moving forward.

"Because we import a huge chunk of fuel for our electricity supply, any disruption overseas such as the Russia-Ukraine conflict, usually impacts the electricity, fuel cost and livelihood of our poorest folks. This is why we need to continually look for all possible ways to improve energy security and supply of electricity in our country," according to Gatchalian.

He has filed several measures in a bid to ensure energy security in the long term. One such proposal is Senate Bill 152 or the Midstream Natural Gas Development Act, which will provide for third-party access to liquified natural gas (LNG) terminals and transmission pipelines.

He also filed Senate Bill 151 or the Waste-to-Energy (WTE) Act, a sustainable way of waste disposal and energy generation. Also, Senate Bill 485 removes a 100-kilowatt cap for the distribution of energy generated from solar panels. This would enable more businesses, such as factories, to put solar panels on their rooftops.

In addition, Gatchalian has also filed Senate Bill 157 or the Energy Transition Act which provides for the creation of an Energy Transition Plan to achieve net zero emissions by 2050 and remove dependence on imported fuel. Such a plan includes a moratorium on the establishment of new fuel plants and the entry of new internal combustion.

March ...

The inflation rate in March 2023 further eased to 7.6 percent from 8.6 percent in February 2023. This is within the inflation forecast of the Bangko Sentral ng Pilipinas (BSP) at 7.4 to 8.2 percent and is lower than the median estimate of private analysts of 8.1 percent.

"Inflation pressures have moderated in March 2023. This is a welcome development and we are determined to sustain this downtrend. On the fiscal side, we are resolute in our commitment to intensify the timely implementation of direct measures to curb persistent inflation and mitigate its impact on the most vulnerable sectors," Finance Secretary Benjamin Diokno said.

The deceleration can be attributed to the lower contribution of Food and non-alcoholic beverages, Transport, and Housing, water, electricity, gas, and other fuels to overall inflation.

Core inflation, which excludes selected volatile food and energy items, further climbed to 8.0 percent in March 2023, from 7.8 percent in the previous month and

2.2 percent in the same period a year ago, depicting the broadening of price pressures.

While inflation of food and electricity, gas, and other fuels slowed down in March, these items remain to have the highest contribution for the month contributing 3.29 percentage points (ppt) and 0.79 ppt, respectively. The main contributors to food inflation are vegetables and fish (both at 0.56 ppt), dairy items (0.39 ppt), sugar (0.37 ppt), and flour (0.35 ppt).

Meanwhile, top contributors to the non-food inflation are utilities (0.79 ppt), food and beverage serving services (0.79 ppt), actual rentals for housing (0.70 ppt), and passenger transport services (0.63 ppt).

Inflation in Metro Manila eased from 8.7 percent in February to 7.8 percent in March. It decelerated in all regions except for the Bangsamoro Autonomous Region of Muslim Mindanao (BARMM).

Inflation for the bottom 30 percent of households improved. It declined to 8.8 percent in March 2023, from 9.7 percent in February 2023.

The main sour-

ces of deceleration were lower inflation rates of food and non-alcoholic beverages (9.5 percent), housing, water, electricity, gas, and other fuels (9.5 percent), and transport (6.1 percent), contributing to 42.4 percent, 40.4 percent, and 17.1 percent to the downturn in inflation, respectively.

The government is adopting a whole-of-government approach to tackle the persistently high inflation. On the monetary side, the BSP has increased the policy rate by 425 basis points since it started its policy tightening cycle.

On the fiscal side, the government will continue the timely implementation of direct measures to curb persistent inflation and mitigate its impact.

Secretary Diokno held a press conference on April 4, 2023 to discuss updates on the recently approved Inter-agency Committee on Inflation and Market Outlook (IAC-IMO).

The IAC-IMO serves as an advisory body to the Economic Development Group (EDG) on measures that would keep inflation within the government's inflation tar-

gets.

The Committee is looking to streamline data-gathering tools for the conduct of timely analysis in mitigating inflation and is working closely with various government agencies, to utilize novel advances in science and technology. Some of these include remote sensing, space technology, and data science applications.

The Committee will also be in charge of closely monitoring the main drivers of inflation, assessing the supply and demand of essential food commodities, monitoring external and internal shocks, facilitating data-sharing among concerned agencies, and providing timely recommendations to the President to curb price spikes.

The IAC-IMO will hold technical level meetings throughout April to assess the drivers of food and non-food inflation and recommend policies to mitigate the impact of inflationary pressures.

The principals-level IAC-IMO is scheduled to meet by end-April, while the first EDG meeting will be conducted on April 26, 2023.

PBBM ...

"That will be an incredible feat when it happens and would significantly help in decongesting Metro Manila as motorists will be able to travel without passing through the metropolis. It will also help in bringing prices

ngayong buwan ng Abril at near normal hanggang sa above normal naman ngayong darating na Mayo hanggang Setyembre.

Sa kabuuan, ang katamtamang dami ng ulan ay makakatulong upang mapamulaklak ang palay at mais; maparami ang damo sa pastulan; at hudyat na rin upang masimulan ang pag-aaaro, pagdudurog ng lupa, at pagtatanim ng palay, mais, at high value crops. Maganda ring tiyempo ito upang pataasin ang porsyento ng mga napipisa at nabubuhay na mga sisiv.

Ilan naman sa batang dala ng darating na panahon ay ang pagkakaroon ng sakit, peste kagaya ng kuhol, at pagiging bansot ng mga pananim na palay at mais. Para naman sa paghahayupan, malaking banta ang presensya ng maliit na snails sapagka't kung

down for goods and services as the transport and logistics costs will decrease, thereby generating immense savings all around," he explained.

Also, Marcos highlighted the inclusive progress and new doors of opportunities for Bataan, Cavite and their neighboring provinces paved by the improved connectivity.

"It is also impressive to think about how this project will support the development of seaports in the said provinces, making them potential international shipping gateways of the country," he noted.

With all these advantages, the President ordered Department of Public Works and Highways to remain on-track and finish the landmark project on schedule.

The bridge project will be divided into seven contract packages to accelerate the completion.

"Do your best, always, to ensure that civil works for this bridge will commence by October this year. See to it as well that the bridge, once completed, will have sufficient links with major thoroughfares in Cavite and Bataan so that it will truly be a facilitator of interconnectivity and linkages among our people and our provinces," he instructed.

BCIB was funded by Asian Development Bank and Asian Infrastructure Investment Bank, and is among the infrastructure priorities of the government. The project is expected to enhance inter-island linkages and connectivity, and reduce transport logistic costs.

It is included in the recently approved National Economic and Development Authority Board list of infrastructure flagship projects that will continue the previous administration's "Build, Build, Build" program into this administration's "Build Better More" program.

CRACK YOUR EASTER EGGS! HERE'S 5 DISHES YOU CAN SERVE YOUR FAMILY WITH YOUR SM SUNDAY MARKET FRESH EGGS AND VEGGIES

Bored of the same old dishes? Make your family meal more exciting with these fresh ingredients you can find at the SM Sunday Market at SM City Bacoor, SM City Dasmariñas, SM City Rosario, SM City Tanza, and SM City Trece Martires. Brought to you directly by farmers from their farm to your table. If you're a mom who's running out of ideas for your next dish, try these five easy recipe with the freshest, and more affordable ingredients you can find at SM Sunday Market. You can also support your local farmers and give your family nutritious farm to table dishes. Stay tuned for more updates about the SM Sunday Market by visiting www.smsupermalls.com or following @smsupermalls on social media.

Who's bitter? Serve 'em some Sautéed Bitter Melon with egg from the fresh produce you can find at the SM Sunday Market.

Who wants some soup to pair up with your fried fish or chicken? Get some fresh Upo or Bottle Gourd from the Sunday Market and saute them with egg, tomatoes, onion, and misua or vermicelli.

access to capital and markets. The expanded mentoring program, said Go Negosyo founder Joey Concepcion, reflects the wider scope of entrepreneurship mentoring it will now be offering to aspiring entrepreneurs. "We felt that as Go Negosyo continues its mission of giving MSMEs access to business opportunities, we must expand it to the wider framework of money, market, and mentorship – completing the three M's that we believe are essen-

tial in growing small businesses," he said. During the event, participants receive one-on-one coaching from veteran entrepreneurs and successful business executives from different industries. Finance service providers, meanwhile, introduce entrepreneurs to facilities for small-business lending, while specialists in different marketing channels are on hand to introduce solutions that cover everything from establishing physical stores and digital platforms, to logistics solutions and digital payment platforms. Participants can also inquire at booths from potential franchise or business opportunities. And to assist the entrepreneurs in their regulatory affairs, government agencies will be on hand to answer questions on documentation, certifications, and applications. The framework has been used successfully in the Go Negosyo
